2022 INLINE, ROLLER SKATE & FUN SPORT CATALOGUE

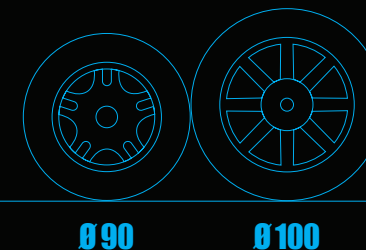

ROCES®
SPIRITANDSOULOF SKATING

MINIMUM

**Fitness Skating Goes Three Wheels...
Go Low and Light with MINIMUM Frame**

New MINIMUM frame equipping the models OTLI TIF and NEON TIF / NEON W TIF

By taking advantage of all the central space under the shell or boot and enlarging the wheelbase of previous 3x110 frames, **Roces has literally sculptured the lowest frame that can accommodate three 100mm wheels.** This is our Brand-New MINIMUM frame. Thanks to this innovation, **the point of gravity and the ground clearance are at a minimum** and now any fitness skater can finally experience the thrill of three-wheel skating, just like the most advanced skater. Also, with 6 wheels instead of 8, there is **much less weight** to carry, and **the environmental impact is less.**

**NEW 3 WHEEL
EXTRUDED FRAME:
LARGER WHEELS,
SAME POINT OF GRAVITY,
LESS WEIGHT**

INCREASING OUR AWARENESS AND DECREASING OUR IMPACT

Speaking about sustainability, our company had a hidden gem that inspired the change and kicks off our new way of product development and production.

This hidden gem is the black M12 UFS that since the beginning is produced using production waste, recycling plastic that otherwise would've ended in the landfill.

Nowadays, with modern production systems, we can transform all the scraps and waste into black skates directly in our production line, this minimizes transport, waste, energy consumption, and costs.

Embracing the mindset of decreasing our impact, other products joined the family, such as **“Thread”** and the whole aggressive line, plus 1992, that now uses 47% plant-based plastic.

MINIMAL AND SUSTAINABLE PACKAGING:

All boxes are made of 100% recycled cardboard and are 100% recyclable.

The protective plastic bags have been swapped for paper sheets.

Where possible the hardware bag is now a paper envelope.

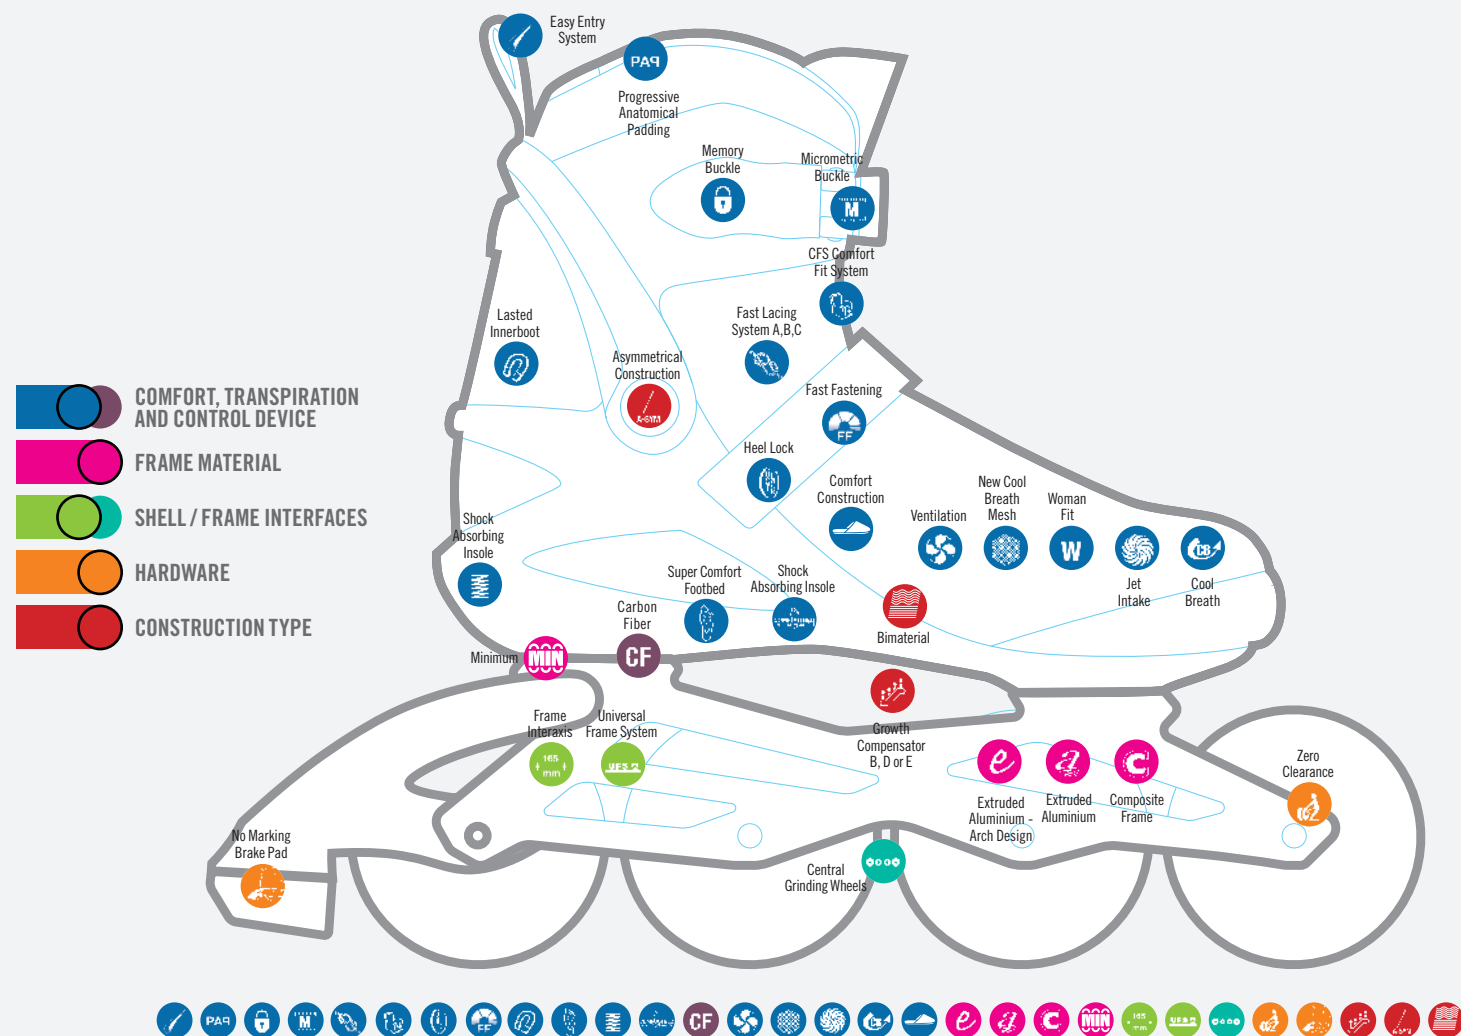

GOING DIGITAL:

To save trees, all our user manuals are now digital and available for use by scanning the QR code on the box or at:

ROCES.COM/manuals

HOLOGRAM, ROCES ORIGINAL PRODUCT PROGRAM

Each Roces product comes with a ROCES ID, that is a hologram sticker with a series number. Typing the series number in **roces.com/original-product** every customer can verify the authenticity of their purchase.

In order to educate customers on how to use this new procedure a user-friendly and language-free instruction has been printed on the product boxes and/or in product manuals or in a dedicated sheet.
