# WHAT'S YOUR GAME

Our game is supplying you with the highest quality equipment, and we'll prove it right here.

We all have a defining moment when the sport we play becomes the sport we love, the moment the game becomes a part of who we are. The passion and desire from that point is embedded in our spirit to achieve and compete at the highest level possible. Every morning practice, every ounce of sweat spilled defines who we are as athletes striving for the ultimate goal of championships and golden cups.

This focus on the game is the driving force behind **MIKASA USA**.

## THE SERIES

### 2-YEAR WARRANTY

Constructed of the highest quality materials and crafted to meet the rigorous standards of the international game and exact specifications of the games national governing organizations and professional athletes.

### 1-YEAR WARRANTY

Designed for the serious athlete, these balls are created with cutting edge materials that perform as great as they look. Built to meet the challenges of any game and satisfy the most demanding athlete.

### 1-YEAR WARRANTY

Engineered to meet the demands of any young athlete. This series is manufactured with quality durable materials that will withstand the demands of the game.

### 1-YEAR WARRANTY

These balls are specifically developed to improve the athlete's strength and skill. Training balls are essential for every player that wants to improve his or her ball handling skill.

*All Mikasa USA products distributed in the USA are guaranteed against manufacturing defects for the length of the warranty. Products failing due to normal wear and tear, abuse or natural breakdown of materials over extended use and time do not qualify under the warranty policy. Mikasa USA holds the right to repair or replace defective items.*

\*BALLS NOT INCLUDED FOR ALL NETS AND BAGS

# INDOOR VOLLEYBALL

## V200W

■ MSRP: \$79.99

### DESCRIPTION:

- Official FIVB game ball
- Stabilized flight path
- Superior ball control
- Perfectly balanced, aerodynamically designed, 18-panel construction
- Contrasting color scheme
- Anti-sweat functionality
- Double dimple surface
- Official size 5

### DESCRIPTION: Official FIVB Game Ball

The V200W features a perfectly balanced, 18-panel aerodynamic design that improves ball movement and gives players greater control. With enhanced visibility, the new indoor ball will optimize the quality of play and maximize excitement on the court.

The double-dimpled microfiber surface stabilizes the flight path of the ball and creates additional cushioned ball control, whilst the anti-sweat functionality "Nano Balloon Silica" prevents the surface of the ball from becoming slippery during intense play. The ball exceeds the FIVB's homologation standards and passed stringent testing protocols, carried out by leading national teams and clubs over the last six months.

## MVA200

■ MSRP: \$79.99

### DESCRIPTION:

- Game Ball
- Unique 8 panel design
- Advanced aerodynamic engineering
- Embossed and dimpled surface
- Exclusive soft micro-fiber cover
- Nylon wound center
- Retail package available
- Official Size 5

### CONSTRUCTION:

#### Rubber Layer

By coating the natural rubber, it improves the touch and decreases the impact power of the ball.

#### Nylon Winding Layer

By winding the highly flexible nylon thread, the ball is kept durable and at the same time round at sphericity.

#### Bladder

To lessen the permeability of the air, butyl rubber is applied to the bladder.

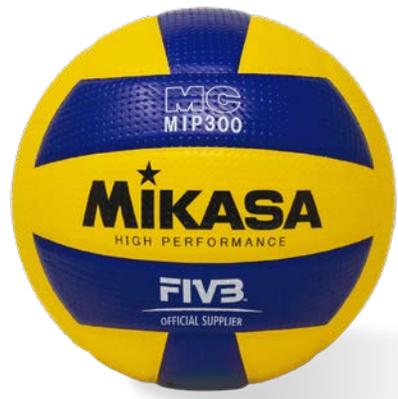

# MIP300

■ MSRP: \$65.99

**DESCRIPTION:**

- Super composite
- Single dimple aerodynamic engineering
- Superb tack and feel
- Cotton core construction providing added softness

# OUTDOOR VOLLEYBALL

## VLS300

■ MSRP: \$74.99

### DESCRIPTION:

- Official FIVB Game Ball
- Soft composite cover
- Improved control when passing and hitting
- Double cloth backing for best shape retention
- Curved 10 panel design for easy recognition
- Improved water resistance
- Retail packaging available
- Official Size 5

### CONSTRUCTION:

#### Soft Composite Cover

Provides tolerance against sweat, water and heat. In addition, by filling the space in-between the sponged polyurethane and by adding water repellent finishing inside, low water absorption is achieved.

#### Backing Latex Layer

Provides water proofing.

#### Bladder

#### TwinSTLock™

"TwinSTLock" is a hook and wring system (Perfect Stitching plus Hitch Stitching) that prevents stitched panels from opening up and losing shape.
